---

Gary,

I understand that you have been involved with the recent issues at CES. It's my understanding that you believe there may have been a release of hazardous substances to City right-of-way in a roadside ditch that is part of the City's stormwater system. (You're an OSC, right?) I think you're aware of the long history that the City has with CES, beginning with enforcement actions that the City took against CES as early as 2005. The City is still monitoring CES through its bankruptcy proceedings.

Let me know how the City can continue to assist EPA on this matter. I believe that HFD was also part of the response team.

**Ceil Price**

Senior Assistant City Attorney  
City Hall Annex,  
900 Bagby, P.O. Box 368  
Houston, TX 77001
